

Recent Operations

By Paul Rardin

There is a lot of talk going on now about what the school board will have to do. Palm Beach county will have less than a nine-month school term. I just can't believe it! I know the county school board is up on cash and all that they have to do is spend more. I don't believe that the school term will be cut short in this country. It just wouldn't do for Palm Beach county—one of the biggest and richest counties in the state—to start to come up lacking when it comes to furnishing the youth of our county the advantages of an education.

In years gone by I know that members of the school board have had to be magicians, more or less, to scurry around and find enough cash to operate the full nine-month term. I've just caught the faith that the three members now have that they will "do" it again. With Carmen Salvatore from the Glades, Jack Engram from Lake Worth, and Carl E. Goss from West Palm Beach on the board, I'm betting on them to announce some of these day's soon that a Palm Beach county schools will continue to operate the full nine-month term.

I know it costs a lot of money to operate our county schools. But, we have GOOD schools and they're worth a lot of money. I believe there is a way to do it. We have to be creative and think outside the box. The money must be found somewhere to finance them for the full term. Yes, I know, there are various and sundry ways to raise money. I'm talking about cash for school operation, but, I still believe the men who guide the destinies of our county educational system will work out the problem. I believe they'll find some way to keep the doors of the various schools open.

If you think it is a small job to finance our school system, then you have to realize that many of us are misinformed. The fellows who are at the head of the system, in Palm Beach county have a man-made system and they are due the consideration of the entire county. They don't want to cut down the school term any more than you or I. But, what are they to do when money runs out? They will do the best they can under the circumstances. You can rest assured of this. But, in spite of all this argument I'm still betting on them to come forth with an announcement soon to the effect that we'll have nine months school.

F. M. Shaughnessy Is A New Pahokee Rotarian

F. M. Shaughnessy, proprietor of the F. M. Shaughnessy company, Pahokee was welcomed as a new member in the Pahokee Rotary club yesterday. Mr. Shaughnessy is International Harvester company dealer in this territory.

Fort Pierce Mayor Is Pahokee Visitor

B. Arnold, mayor of Fort Pierce, was a business visitor in Pahokee yesterday at the Pahokee airport organized by E. Elliott. While here he was seated at Mr. Elliott's at the Pahokee Club.

CANE ALLOTMENT FOR INDEPENDENT GROWERS IS SET

Secretary of Agriculture Wallace made known his 1939 allotment of acreage for independent growers as well as the growers and processors of sugar last week.

The plan for the independent growers who planted in the fall of 1937 or 1938 shall harvest their entire acreage in 1939-1940 and decrease fifty per cent in the following year or decrease twenty-five per cent for the next two years.

Those growers who planted after the fall of 1938 will be required to comply with the twenty-five per cent reduction according to information received last week from independent growers in the Lake region.

No change has been made in sugar cane twenty-five per cent reduction for the United States Sugar Corporation.

No processing quota has been released as yet by Secretary Wallace which will be the same as that for the 1938-1939 season.

And this processing quota will no doubt determine to a large extent just which of the provisions of acreage allotments the independent growers will accept.

Rotes and Lions Will Exchange Member

A plan suggested by the Pahokee Lions club and accepted by the Pahokee Rotary club whereby they will exchange a member at the time of meeting in one month will go into effect in April. A member of the Lions will visit the Reeds on this date and vice versa.

Abe Dobrow was appointed by President V. C. Denton to attend the Lions meeting the first week in April.

Nicaragua reports that last year it raised enough rice, corn, and beans to feed everyone in the country.

Approximately Six Months Will Be Required To Finish

The first steel tee piling was a success at the Scout hut, Tuesday night, to discuss plans for an exciting new project in the Everglades.

The plan was to construct a bridge to be built across the Hillsborough Canal at Belle Glade.

The piling was driven a total of 28 feet from the mud and gravel to solid bed rock. A temporary "false" bridge will be completed this week after which the steel piling and bridge will be constructed over the canal.

A carload of steel pilings was received Wednesday and driving will begin as soon as the temporary frame bridge has been completed.

Nicaragua reports that last year it raised enough rice, corn, and beans to feed everyone in the country.

Full Sized Peppers On Five Inch Stalks

The editor of this newspaper doesn't claim to be a farmer, but he has some of the finest peppers you've ever seen and they are growing from stalks not quite five inches high. In fact the peppers are so big that the plants all came about seven months ago when the plants were transplanted and the dry spell started. The stalks just won't grow. They were set out in the fall and during the winter they grew as tall as they do now. They are so big that they are forgotten. This week a trip into the garden among the weeds revealed that healthy peppers of marketable size were growing from the spinners.

More Sidewalks Are Under Construction

Workmen are busy this week building sidewalks in front of the houses on Canal Point-Pahokee Road. The sidewalk will be concrete driveways are being built which add greatly to the looks of the property. The sidewalk in front of the vacant lot owned by Dr. C. E. Gray was finished several weeks ago.

Remove Shelter From Front of Building

At the Everglades Memorial Hospital where they were taken after treatment by Dr. W. J. Buck at the Glades, Jack Engram from Lake Worth and Carl E. Goss from West Palm Beach on the board, I'm betting on them to announce some of these day's soon that a Palm Beach county schools will continue to operate the full nine-month term.

Lions Club Holds Regular Meeting

The Pahokee Lions club held a regular weekly meeting Tuesday night at the Pahokee Club. Carmen Salvatore, county school board member, was scheduled for a talk but his attendance was prevented from Tampa. The shelter was erected by F. E. Gray when he operated a furniture store in the building and it was necessary to keep the bright sun from shining directly on the furniture.

Baptists Serve Fine Meal For Fifty Cents

In an effort to raise money for the building fund the Baptists of the Glades Equipment company was removed by workmen this week themselves enhancing the beauty of the interior of the building. The shelter was erected by F. E. Gray when he operated a furniture store in the building and it was necessary to keep the bright sun from shining directly on the furniture.

Will Hull Has Good Year At Indianatown

Will Hull, Indianatown farmer, stated yesterday to a representative of this newspaper that his farm was successful this season.

Mr. Hull doesn't farm a large acreage but he has just finished picking several acres of beans on his farm and expects to receive \$300.00 per acre.

The beans were sold to the Pahokee cannery for \$13.44 per acre.

During the 1938-1939 period, Palm Beach County had received \$204,678.00 in Old Age Assistance. At the end of December the Board went into deficit \$290,000.00 on the December 31st.

Individuals who had been receiving Old Age Assistance, the statement said, had been increased.

The number of recipients had been reduced to 1,000 and the amount of \$100,000.00 per month.

Individuals who had been receiving Old Age Assistance, the statement said, had been increased.

Too Many Cooks.
Figures Don't Lie.
Flight of Soar.
Budget Economy.
Only Sixty Days.

After spending four days sitting on the sidelines at two mighty important conferences in Tampa, called for the express purpose of saving money, the world's wackiest method of keeping the kids in school nine months each year and raising enough money to maintain our politicians in the luxury to which they have become accustomed, ed his committee finds himself in the mental state of the befuddled Quaker, who once told his wife: "All the world is nutt and me, Martha, and sometimes I think even then they are a nutt idea."

Approximately forty members of the House of Representatives, plus a dozen or so senators, broke camp on the banks of the muddy Hillsborough with just about as

clear an idea of how much money the Legislature must raise as Ne Adolf Hitler will do now.

Summed up, the boys are wandering around in a smoke screen of figures, adown by groups of special interests, and thick fog of self-interest.

We have completely revised our predictions on what may transpire in Tallahassee between now and June. The session, my friends will be in the process of the adjournment, "one of those things wherein anything can happen—and probably will."

Any legislator can lay down a challenge that the Legislature will ead everything north of Osceola back to Georgia and we wouldn't raise a questioning eyebrow. Because we've never seen a parallel situation in Florida. There has never been a legislature which, like the Legislature packed bags for Tallahassee knowing less about what the state, its departments, the schools and other governments agencies have to do than the popular tax collector color guard.

Tallahassee is a housekeeper these days. Anybody reported a surplus would have been greeted with loud huzzas. Yet there were plenty of plump magistrates in the state of St. Louis, in fact, the only person who encountered who didn't have a tax program up his sleeve was the bell captain at the Tampa Terrace.

Speaking seriously,

however, out of the maze of figures we gleaned one inescapable truth: The Legislature of 1939 will pass into history as a "make or break" session because it will either two up its spurs at the crossroads. One points to a wholesale shifting of the tax burden, and the other points to a complete overhauling of the present ad valorem system. We will brand new set of materials for our assessment and collection laws.

Can all these things be done in six days? We doubt it, and the majority of the veterans in both branches of the legislature will illustrate, who has been hoping he would be able to go to the New York World's Fair about the middle of June has cancelled his return. And we hear that Senator O'Conor is perfectly willing to let the boys stick around until they finish the job. That report sounds okay, too, because the governor certainly does not see eye-to-eye with his budget commis-

sioner.

Employees in the classified civil service for whom the Civil Service Commission has not entitled to military preference will be eligible for only the entry of their names on the separate list of eligible Government employees.

Physical Ability: Applicants must be in sound physical health. Remediable defects or curable disease will not exclude a person from examination, but prior treatment of the defect has been required. The defect, if any, must be relieved during the life of the eligible register before persons otherwise qualified may be considered for appointment under Civil Service rules.

Commerce Bodies To Work Against Fires

The Belle Glade Chamber of Commerce this week asked the Miami Chamber of Commerce to cooperate in all possible ways to put out the big fires that are eating into the swamplands and banks of Road 26 between South Bay and Miami.

In a radio broadcast over WQAM, Miami, on Wednesday, full assurance of cooperation by the Miami group was given to the Belle Glade Chamber of Commerce and citizens of the Glades area. The message was repeated by the Miami Chamber was doing all possible to assist in controlling all fires in the Everglades region.

Some of the legislators had looked over the figures and said they were just about to break through the clouds when Sept. 21, Colin English laid a brand new financial orpham in their laps in form of a proposal to increase their salaries.

The head of the school system reminded the assembled legislators and spectators that a full term depends upon an emergency appropriation made to meet the school deficit.

But when the legislators asked some of the school folks: "What'll we use for money?" they told that, "That's your problem."

For you...

...you'll laugh off a deficit as big as the schools must make up or close the classrooms a couple of months early." It is our guess that one of the first things the Legislature will do after hearing their rates of costs will be to take up a series of bills that will make a lot of folks pay taxes—just for a change.

One of the main probabilities will be a bill increasing state tax commission and another may be a copy of a Georgia law that empowers the sheriff to sell you down.

HAIR INSURANCE—Save your crops from being wiped out over winter by buying hair insurance. We'll be glad to explain rates, etc. Everglades Insurance Agency, Pahokee, Fla.

SOCIAL and PERSONAL ITEMS Pahokee and Canal Point

Garden Club Meeting Tuesday

The Community Garden Club met Tuesday afternoon at the home of Mrs. I. W. Weeks in Pahokee. There was a short business session preceding the program which was presided over by the President, Mrs. T. M. Dechman.

Mrs. A. Hansen was in charge of the program which included M. U. Mounts as guest speaker. Mr. Mounts spoke on "Fruit Gardens and Pollination." He urged people in this section to use fruit trees in vines in landscaping. The particular ones Mrs. Mounts stressed were:

1. Tamaran — beautiful slow growing tree with dense foliage, large leaves and sweet fruit.
2. Mangos — especially fruit.
3. Vines which have fruit, such as Cereium which is lovely growing around trees.

4. Passion fruit — fast growing, with beautiful purple blossoms and about three crops of fruit in one season.

5. Carissa — dark glossy-leaves with white blossoms and red fruit. Very ornamental shrub.

6. Cereium cherry hedge — beautiful foliage which holds shape well and delicious fruit.

7. Tropical peach — early fruit.

8. Calamondin orange — dense beautiful shrub with a bright acid fruit.

9. Fig tree — must have roots underground.

Mr. Mounts said that pollination is carried on by wind, insects, etc.

but that budding and grafting is much more satisfactory because it keeps the fruit of a pure strain.

He also said that for all flat areas one should use all emulsion sometimes combined with nicotine.

Mrs. Weeks was assisted in the cooking, cake, juice and cookies by the following: Messrs. C. A. Bailey, G. L. Coburn, W. P. Jerigan, G. L. Sims, G. P. Thompson, J. W. Strickland, J. E. Cochran, Sr., C. D. Denton, A. D. Dunley, C. M. Evans, Sam A. H. Fife, E. L. Pease, Frank Colson, W. F. Shaughnessy, Jessie Elliott, Gordon Vann and Mr. M. U. Mounts.

Blue Devil Nine Is Loser To Wildcats By 5 to 2 Decision

Pete Bardin's Home Accounts For One Of Three Runs

Pahokee's newly organized baseball team smoothed off a few more ragged edges by dropping the 5 to 2 decision on the West Palm team at West Palm Tuesday. The Blue Devils lost their first contest of the season to Lake Worth last week 5 to 3.

Except for Pete Bardin's

home run at West Palm

Tuesday, the Blue Devils lost

their second game at Lake Worth

last Saturday.

Bardin's four batters came after Fraude had singled over the top, wound his

way around to third and scored on a passed ball.

The Wildcats scored one in the

second in the third and three

in the fifth to round out the score.

With the third run, the Blue

Devils' record stands at 1-2.
